

AllFr8 Logistics
October 2009

DRIVING
efficiency >

ALLFR8.COM

We serve special, often complex situations in logistics with an emphasis on industries with intense needs, such as rail or steel, with crews and equipment that are in constant motion.

DRIVING
efficiency >

We are a freight cost management company.

We combine 20 years of experience in the transportation industry with state of the art technology that delivers innovative solutions to the most complex logistics.

DRIVING
efficiency >

We want to be your partner in the
logistics process.

ALLFR8.COM

We take on your rate risk, quantify
your savings and manage your
freight 24/7

What are your pain points?

WHY

The Solution

DRIVING
efficiency >

- Visibility
- Carrier Partners
- Leverage Rates
- Asset Light
- Speed

Visibility

DRIVING
efficiency >

We are a 24/7 operation with visibility because of our freight management technology system.

ALLFR8.COM

Speed

DRIVING
efficiency >

We have invested in innovative and sophisticated technology solutions that manage freight and saves cost on overhead.

ALLFR8.COM

Carrier Partners

We share available load lists 6 times a day with our strategic carrier partners, and secure capacity and rates.

Ability to Leverage Rates.

Asset Light

DRIVING
efficiency >

We operate under brokerage authority, so we are asset light which means cost savings to our customers.

ALLFR8.COM

MyFr8 Technology
